SECTION A

Read the poem given bellow and answer the questions that follow:

The mountain and the squirrel

Had a quarrel:

And the former called the later ' Little Prig.'

Bun replied,

'You are doubtless very big;

But all sorts of things and weather

Must be taken in togather,

To make up a year

And a sphere.

And I think it no disgrace

To occupy my place.

If I'm not so large as you

You are not so small as I,

And not half so spry.

If I cannot carry forests on my back
Neither can you crack a nut.'

[Sub: Complaint regarding non-cleaning of garbage regularly]

Respected Sir,

I would like to draw your kind attention to the matter that in our locality the garbage has not been cleaned regularly. Stray dogs and cats litter the garbage as it has not been cleaned. The garbage littered cause stinking and foul smell. The heaps of garbage are health hazard to the children of our locality. Mosquitoes, flies and other disease have increased. There is lack of dustbins and the sanitary staff or sweepers do not clean garbage regularly. The negligence of their duty is a threat to the society.

I therefore, request you to kindly look into this matter and solve this problem for the better future of the society.

Thanking you,

Yours faithfully,

S. Majhi
