Read the following text and answer the questions that follow :

A small portion of the Alipore zoo director's finger was severed after a chimpanzee bit it on Wednesday afternoon, said officials of the hospital where he was treated.

Asis Kumar Samanta was feeding Babu, the thirty-three year old chimpanzee, when he spotted something like an insect on Babu's nose and tried to remove it. "But the chimpanzee bit his finger," said V.K. Yadav, member- secretary of the Bengal Zoo Authority.

Samanta was taken to the SSKM Hospital. "A small part of the tip of his left index finger was severed when he came to us. There was a fair amount of bleeding. He needed one stitch and an anti-rabies vaccine. It was not a major wound and should heal soon," a hospital official said.

This is not the first time Babu had reacted with ferocity while being fed by Samanta. In 2018 February, when Samanta was trying to feed Babu, the chimpanzee had held him by the arms and pulled him closer. The iron bars of the cage separated the two and the director managed to push Babu away to set himself free.

Write a newspaper report in about 100 words on a Book Fair.

Use the following points : Date, place, time duration – stalls – types of books – food court – public opinion

12th December, Kolkata: The yearly Kolkata book fair started today. The book fair will continue for 8 days. The booksellers and the publishers have organized their stalls with different kind of books. According to the organizing authority this year the total number of book stalls are around 4000. A book lover can get his favourite book from this book fair. The discussion program and cultural function arranged on the premises attracted me to a large extent. However, the arrangement was nice but huge amount of dust in the book fair made the visitors uncomfortable. Some stalls were found selling snacks and thus polluting the premises. The authority should pay close attention to the problem. People who have come in the book fair are very exciting to see the different kind of books together.
