A newspaper gives us all the current news of what is happening around us and all over the world. Reading a newspaper everyday not only keeps us informed of all the happenings across the globe and within our country but it also improves our language. Newspapers are printed in all languages. Through the newspaper we come to know about the new products that are in the market via the advertisements. They say, A pen is mightier than a sword, through the articles published in a newspaper, we can express our thoughts and ideas. Thus, a newspaper provides us with a lot of knowledge. but there are some disadvantages to it as well. Some newspapers cater to vulgar taste and misguide people. It is the sacred duty of a newspaper's editor to be impartial and objective. The editor should edit only in the interest of truth and fair play. Newspapers should be news carriers not news makers.
